IV. LICENSING ACTIVITY 88

1. Individual licenses 88

2. General licenses..... 89

IV. LICENSING ACTIVITY

INDIVIDUAL LICENSES

Table 7

No.	Telecommunications network	Individual licenses 2006.				in force as of 31.12.2005.	in force as of 31.12.2006
		compliance/ Reissued	Supplements/ Transfers	Withdrawn/ Cancelled	Issued (number)		
100	Public telecommunications network and provision of telecommunications service	-	9	-	-	1	1
101	Existing and/or new telecommunications networks for terrestrial analogue broadcasting: television broadcasting with national and local coverage	-	23	1	7	39	45
	Radio broadcasting with national and local coverage	1	172	-	-	265	265
102	Telecommunications networks for terrestrial digital broadcasting	-	-	-	-	1	1
106	Telecommunications paging networks	-	-	-	1	3	4
107	Telecommunications mobile TRUNK networks	-	-	-	-	2	2
108	Assignment of geostationary orbit positions, allocated to the Republic of Bulgaria with international agreements	-	-	-	2	-	2
110	Mobile cellular telecommunications networks - GSM standard	-	41	-	-	3	3
111	Mobile cellular telecommunications networks of 3 rd generation (UMTS)	-	1	-	-	3	3
112	Telecommunications networks of the fixed satellite service	6	24	2	8	44	39
113	Telecommunications networks in the fixed service of the type "point-to-point"	3	57	8	26 [*]	144	162
114	Mobile cellular telecommunications network - NMT standard	-	10	-	-	1	1
115	Telecommunications networks in the fixed service of the type "point-to-multipoint"	-	2	-	-	5	5
116-A	Telecommunications networks for provision of fixed voice telephony service	-	18	-	-	18	18
116-B	Telecommunications networks for provision of the service access to	-	16	-	-	12	12

¹ 12th Report on the Implementation of the Telecommunications Regulatory Package, 2006

	voice telephony service through the service carrier selection						
117	Telecommunications networks for data transfer with individually assigned scarce resource – numbers	-	-	1	-	5	4
120	Telecommunications networks PMR/PAMR of the mobile service for professional purposes	-	264	88	62**	831	805
121	Telecommunications networks for provision of the service "leased lines", including international leased lines	-	3	-	-	14	14
122	Mobile telecommunications network – TETRA technology	-	2	-	1	1	2
125	Radio services Aeronautical mobile, Radiolocation and Radio navigation for air traffic control and provision of aeronautical navigation services for the flights in the civil aeronautical space	-	-	-	-	1	1
IN TOTAL:		10	642	100	102	1393	1389

* The total number of the licensed links is 3040;

** The total number of the assigned frequencies is 1142.

2. GENERAL LICENSES

Table 8

Issued certificates for registration under general license

No.	Telecommunications network	Certificates for registration under General license 2006	Issued certificates for registration under General license as of 31.12.2005	Total number of issued certificates for registration under General license	
		Deleted certificates for registration	Issued certificates for registration		
201	Public cable telecommunications networks for distribution of radio and television programs without using scarce resource	53	138	819	957
202	Satellite news gathering networks – SNG	-	4	15	19
203	Telecommunications networks SAP/SAB, including ENG/OB	-	2	7	9

204	Provision of the service access to voice telephony service through public telephone sets	1	2	4	6
205	Radio stations and radiolocation stations onboard vessels and radio stations onboard aircraft	-	68	184	252
207	Radio equipment of the radio amateur service	-	61	4339	4400
211	Telecommunications networks of the mobile service (PMR) – for short-term events	-	-	1	1
212	Private telecommunications networks of the mobile service (PMR)	-	7	25	32
215	Private telecommunications networks of the fixed satellite service - VSAT networks	-	9 *	26	35
216	Provision of telecommunications service - access to satellite systems	-	2	2	4
217	Public telecommunications networks for data transfer without use of scarce resource	11	135	345	480
218	Public telecommunications telex networks	-	-	1	1
219	Public telecommunications telegraph networks	1	-	1	1
220	Public RLAN networks of the mobile service	-	65	67	132
IN TOTAL:	66	484	5836	6329	

The registrations include 39 VSAT stations.

Table 9. Other issued documents, related to the registrations under general licenses		Table 10. Radio amateur certificate examinations					
Type of document	As of 31.12.2005 (number)	2006 (number)	Total number	Exams/ examined persons	As of 31.12.2005 (number)	2006 (number)	Total number
Radio amateur certificates	1470	63	1533	Exams	42	3	45
HAREC certificates	125	6	131	Examined persons	1239	36	1275

¹ 12th Report on the Implementation of the Telecommunications Regulatory Package, 2006

CEPT licenses	204	11	215		
Certificates for radio stations onboard vessels	508	123	631		
Certificates for radio stations onboard aircraft	498	95	593		
IN TOTAL:	2805	298	3103		

CRC maintains public registers with up-to-date information for the issued individual licenses and the amendments and supplements made to them as well as for the issued certificates for registration under general licenses on its internet page www.crc.bg.
